

Dear whānau,

Next Friday is “onesie” day. This is to support Wellington Free Ambulance. They are an amazing free service that is dear to our hearts ❤️ as we have had cause to use them twice this year alone. We have done our best to keep fundraising to a minimum during Covid-19, but we really feel that this is a cause that as a kura we should be supporting.

Please join us in supporting Wellington Free Ambulance next Friday 4th September by sending your tamariki to school in their onesies or PJs and either make a donation directly or send in a gold coin donation to school.

If your children don't have a onesie - let's rather post on our school Facebook page and share our extras or no longer needed onesies that are already in our community. That way we are being eco friendly by reusing and rather donating to this worthy cause as opposed to spending money to buy new.

“Onesie Day is Wellington Free Ambulance's annual appeal to raise money and help keep our emergency ambulance service free to everyone who needs us. It celebrates us being the only emergency ambulance service for Greater Wellington and Wairarapa and the only ones in New Zealand who are free.”
