Birchville School are holding our first Colour Run to celebrate the end of 'Exploring the World Around Us' week in Term 2. The Colour Run will be on Friday 14th May at 11am and all funds raised will go towards our new school bike track.
The event will be set up in 3 stages – a running track, an obstacle course and finally the colour section. Children will be asked to wear white as they will be sprayed with water and different coloured powder. Be prepared to get messy (and maybe pop a change of clothes in your child's bag)!

Funds can be donated to each block and the block who raises the most will get an exciting prize!

Donations can be made via the GiveaLittle page (see the Facebook page for details), or you can record cash donations in the table below and put them into the PTA box in the office.

This is going to be an exciting event for everyone involved and will help us get closer to our goal of a new bike track!

Childs name: _____

Childs block: _____
