Tuesday 29th June 2021

Yay it's back to Covid Level 1 tomorrow. Gates will be open as usual and children can come in the front gate. All wheels please enter via the hall gate as per usual.

Please note there is an expectation that all adults entering the school grounds must contact trace or sign in on the paper register. This includes pick up and drop off times too. There will be a table placed outside the office for this purpose. If you are at school after pick up and drop off you will need to still sign in at the office as well as contact trace 😊

This is now a ministry requirement and can also be seen in our school policies.

(All visitors must record their visit by scanning the NZ COVID QR code poster, or manually on the contact tracing register.)

All school activities will go ahead as planned and we hope that we do not need to change levels again over the next few weeks.

Stay warm peeps and post any snow pics on our page for us to see:)
